Emergency Certification of Premier Assure 1.2

On February 4, 2009 King County Elections Director Sherril Huff requested the Office of the Secretary of State approve Premier Election Solutions Assure 1.2 Voting System and associated hardware, software and firmware, for use in King County on an emergency basis. This modification to King County's existing voting system is necessary in order to minimize the overall risk of administering elections in King County with the current outdated equipment. Failure to modify the existing system will materially affect the efficiency, accuracy and security of the upcoming elections.

Upon examination of the system, the Secretary of State finds the Assure 1.2 Voting System satisfies the requirements of Washington State law. This version of the system consists of:

- *Hardware* comprised of:
 - DRS 960 Scanner
 - AccuVote TSX equipped with AccuView Printer
 - UAID (controller, sip n puff, ADA switch kit)
- *Software* comprised of:
 - GEMS 1.21.2.3
 - Key Card Tool 4.7.3.3
 - VCProgrammer 4.7.3.1
 - PCS 2.2.1.5
 - Security Manager 1.2.1.5
 - Security Service 1.2.1.5
 - Ballot Station 4.7.4.1 for TSX
 - ABasic Report Files 2.2.4 for TSX
 - BootLoader 1.3.10 for TSX
 - WinCE 410.3.10 for TSX

On this date, under the provisions of WAC 434-335-200 and 210, the Office of the Secretary of State hereby provisionally certifies the "Assure 1.2 Voting System" for use by King County of the State of Washington when used in compliance with the procedures contained in this certification, accompanying Reports and Findings, and Washington State law. This emergency certification expires May 31, 2010.

Certified on this May 28, 2009
